Subject:- Proposal to organize 15 days college level e-training programme with lecture series of “**Organic Home gardening e-training programme for beginners**” under the programme “**Ek Kadam swablamban ki aur**” with banner of IQAC.

Respected madam,

With due respect department of Botany wants to get organize 15 days college level e-training programme of “**Organic Home gardening e-training programme for beginners**” for Botany students under the programme ‘**Ek Kadam swablamban ki aur**’ with banner of IQAC.

During this very harsh pandemic Covid- 19 period, it is a very innovative practice for students, and also it will become a social activity for them.

Benefits of Programme for students:-

1. Providing fresh food, exercise and health benefits,
2. Opportunities for multi-generational and life-long learning,
3. Creating pleasing landscapes and improved environment, and bringing people together.
4. Garden-based learning programs result in increased nutrition and environmental awareness,
5. Higher learning achievements, and increased life skills for our students.
6. They are also an effective and engaging way to integrate curriculum and meet learning standards, giving young people the chance to develop a wide range of academic and social skills.
7. Garden experiences foster ecological literacy and stewardship skills,
8. Enhancing an awareness of the link between plants in the landscape and our clothing, food, shelter, and well-being.
9. They also provide children and youth with the time and space to explore the natural world—something that can occur rarely in today’s era of indoor living.

Tentative date should be 20.07.2021-03.08.2021.

Kindly permit for above programme.

Thanking you,

Yours faithfully

Dr. Pratiksha Pandey
HOD, Botany,
