Biotechnology and Microbiology	2/12/23	Industrial Visit to Boramdeo Sugar Factory, Kabirdham	114	To Enculcate Scientific Temperament and Team Work among the students.	<p>Industrial visits for college students offer several important benefits and outcomes:</p> <ul style="list-style-type: none"> <li>•<b>Practical Exposure:</b> Industrial visits provide students with real-world exposure to the operations, processes, and technologies used in various industries. This bridges the gap between theoretical knowledge and practical application.</li> <li>•<b>Industry Insights:</b> Students gain insights into the functioning of different industries, allowing them to understand the challenges, trends, and opportunities in their chosen field of study.</li> <li>•<b>Networking Opportunities:</b> Industrial visits enable students to interact with professionals, managers, and experts in the industry. This networking can lead to potential internships, job opportunities, and mentorship.</li> <li>•<b>Career Clarity:</b> Students can observe different job roles and responsibilities within the industry, helping them make informed decisions about their</li> </ul>																																																																																																			

					<p>future career paths.</p> <ul style="list-style-type: none"><li>•<b>Innovation and Creativity:</b> Exposure to innovative processes and technologies can spark students' creativity and inspire them to think critically about problem-solving.</li><li>•<b>Motivation and Inspiration:</b> Witnessing successful industrial operations can motivate students to strive for excellence in their studies and future careers.</li><li>•<b>Practical Knowledge:</b> Students gain practical insights into industry practices, production processes, quality control, and more.</li><li>•<b>Skill Enhancement:</b> Observing machinery, equipment, and operations can enhance technical skills relevant to their field of study.</li><li>•<b>Project and Research Ideas:</b> Students may identify potential project topics, research questions, or innovations based on their observations during the visit.</li><li>•<b>Confidence Boost:</b> Interaction with industry experts and professionals boosts students' confidence in their knowledge and abilities.</li><li>•<b>Industry Awareness:</b> Students become more informed about the industry's contribution to the economy, job opportunities, and market trends.</li></ul>	
--	--	--	--	--	---	--

					<p>•Holistic Development: Industrial visits contribute to the holistic development of students by combining academic learning with real-world experience.</p> <p>Overall, industrial visits play a crucial role in enriching students' education, preparing them for their future careers, and fostering a deeper understanding of how theoretical knowledge is applied in practical settings.</p>	
Biotechnology and Microbiology	8/12/23	Guest lecture by Dr. Pramod Mahish, Digvijay College, Rajnandgaon	46	The guest lecture is aims to provide an insight and perceptive enterpenureship, lab skill, instrument handling and subject awareness among our students. Topic: Importance of Millets	<p>The guest lecture on the importance of millet sparked awareness and appreciation for this often underestimated grain among the audience. Attendees gained insights into the nutritional richness of millets and their significance in promoting food security and sustainable agriculture. The speaker emphasized millets as a resilient crop, well-suited to diverse climates and contributing to biodiversity. Participants learned about the health benefits of incorporating millets into diets, including their high fiber content, essential nutrients, and potential role in managing non-communicable diseases. The lecture shed light on millets' environmental advantages, such as low water requirements and suitability for organic farming practices. The Q&amp;A session allowed for a deeper exploration of millet-related topics, addressing</p>	

					<p>concerns about cultivation practices, market accessibility, and culinary integration. The lecture inspired students to consider the role of millets in addressing global food challenges and encouraged sustainable agricultural practices.</p> <p>As a result, some students expressed interest in promoting millet-based initiatives, showcasing a shift in dietary and agricultural perspectives. Overall, the guest lecture contributed to fostering a holistic understanding of millets, positioning them as crucial contributors to both human nutrition and environmental sustainability.</p>	
Biotechnology and Microbiology	09/12/23	Guest lecture by Sr. Shanthanima, Joseph, Principal of, Holy Cross Woman's College Ambikapur.	55	<p>The guest lecture aims to provide an insight and perceptive enterpenureship, lab skill, instrument handling and subject awareness among our students.</p> <p>Topic: Microbial world in Education</p>	<p>The guest lecture on the importance of the microbial world in education was a resounding success, leaving a lasting impact on the audience. The speaker eloquently conveyed the crucial role of microorganisms in various academic disciplines, emphasizing their significance in biology, medicine, and environmental Science.</p>	 <p>Bhilai, Chhattisgarh, India  Mahila Mahavidyalaya Bus Stand, Hospital Sector, Bhilai, Chhattisgarh 490005  Lat 21.192683°  Long 81.318279°  09/12/23 04:18 PM GMT +05:30</p>

	18/3/24	Valedictory, Certificate Distribution and Guest lecture by Dr. Pragya Kulkarni, State President, MSI & HOD Microbiology, VYTPG, Science College, Durg.	75	The guest lecture is aims to provide an insight and perceptive enterpenureship, lab skill, instrument handling and subject awareness among our students. Topic: Recent Trends in Microbiology	the lecture underscored how recent advancements in microbiology are reshaping our understanding of the microbial world and its implications for human health, biotechnology, and the environment. By leveraging cutting-edge technologies and interdisciplinary approaches, microbiologists are paving the way for exciting discoveries and practical applications with far-reaching implication	 
Physic	5/12/23	Classroom teaching	8	To Make students know about LASER, its type ,uses and applications	The concept regarding the topic of students is cleared and they gain confidence in knowing about the topic versely.	NIL
